

Volunteer Week 2017

On Thursday, April 27, as part of Volunteer Week 2017, Waypoints celebrated the participants of Leadership Resiliency NL (LRNL) to recognize their dedicated volunteerism during the past school year. 36 high school youth have demonstrated commitment and kindness to others through connections with various community agencies including The Gathering Place, Pleasant Manor and Humane Services. The Community Volunteering component is an integral part of LRNL and helps youth to recognize their own strengths and leadership skills through service to others. Guest Speaker, Rebecca Bergshoeff, Outreach Coordinator with The Duke of Edinburgh International Award program, shared her insight on the value of volunteerism. The catered event took place at the Guv'nor Inn, St. John's in partnership with the Community Sector Council.
